## Report of Superintendent

To the School Board and Citizens of Albany:

The total registration in the school to date this year is eleven. The average total registration for the past five years is thirteen. Mrs. Almee Morrill, who has been our teacher for a number of years, has given the same time and effort to this small school as many teachers have to give to schools two and three times as large. Thus the handicaps of a small school have been amply compensated.

The more important statistical data for the year ending last June follow: Total registration, 11; percentage of attendance, 98; number of tardiness, 3; pupils transported, 8; tuitions paid in high schools, 2; tuitions paid in elementary schools, 3; visits of superintendent, 13.

Tuition pupils for this year are: Willmont Northrop, grade 12, William Brown, grade 10; John Potter, grade 11, David Potter, grade 9, in Kennett high school; Richard Potter, grade 4, and Mary Potter, grade 1, in Conway Graded school.

Respectfully submitted,

JOHN H. FULLER

Conway, February 13, 1942.
